Montana’s Peer Network is a 501c3 non-profit organization whose mission is to provide opportunities for recovery across Montana.

We are a peer run, peer driven organization with over 560+ members across the state. We are a coalition of individuals in recovery from mental health, substance abuse or addiction issues. Together we support one another, advocate for systems change, we provide educational presentations, training on wellness and recovery topics and peer support, including workshops, support groups, and community presentations.

Even if you have never needed help before, the Lifeline is there.

Montana’s Peer Network
109 East Lewis Street
Livingston, MT 59047

The Recovery Coach Program is available in Gallatin and Park County and works in partnership with the Crisis Intervention Team (CIT). Which includes law enforcement and mental health professionals. This is an outreach program that operates in the community as a form of prevention designed to engage individuals in recovery before high end crisis services are required.

Referrals can be made directly to our Recovery Coaches by anyone in the community. Contact information is on the backside of this handout.

The path to wellness and recovery… can take many twists and turns. There are peaks and there are valleys. The path to recovery is not a straight line. It is as varied as each and every one of us.

Our Recovery Coaches support people in their individual recovery needs. We are looking to build long term relationships and help with sustained recovery.

Recovery is Possible!
