“Peers as Crisis Service Providers”

Healthy Minds Healthy Bodies

has been busy on the road this spring distributing literature and meeting community members. Over the last month we have been to Butte, Bozeman, Billings, Missoula, Montana State Hospital, Dillon, Helena, Havre and Glasgow! Wow, we have put on a lot of miles under our tires. We have picked up nearly 30 new members, distributed over 200 handouts, 150 stress balls, 42 pedometers, made numerous new contacts and met wonderful people in Montana that want to be involved with the recovery

movement. We also want to “shout out” to MPN member Jason DeShaw and his 10 city tour sharing his artistry and recovery story with others. Way to go!
