IV. Open issues

- a) Talked about Jen Gross for the sponsor of our bill. Ashley sent numerous email to her. Mandy will call her office and let committee know. Amanda also said she would reach out to the list of legislators.
- b) Talked about the by laws and what it means to have a quorum. The committee also discussed that our communication between meetings needs to be better. We all agreed to correspond through phone calls and email.
- c) Talked about recent inquiries about administering and delivering meds as it relates to our ethics and scope of practice. We will take a position on this and correspond with AMDD about our position. We drafted a letter and approved with workforce support and committee gave go ahead to send to Lucy Richards at the BBH and Issac Coy at AMDD. We reviewed the responses from AMDD and BBH and Amanda said she would bring this up at the next BHAC meeting. The committee agreed that there is an opportunity for training here and we will see what was said at the BHAC meeting and move forward accordingly.
- d) Amanda addressed the committee regarding the email that was sent. She agreed to continue with her position on the committee.
- e) We all discussed moving the time of the committee meeting to better accommodate all members. The consensus was that we would move them to directly follow the workforce PSS2PSS meetings on Thursdays at 7:30 every three weeks and to increase now that we are closer to the election and legislative session. So our meeting time and day has changed to Thursdays following the workforce meeting.
- f) Greg spoke up that he would no longer like to hold a seat on the CBHPSS committee and stepped down from the committee. It was not discussed as Greg immediately left the meeting after stepping down.

V. New business

- a) Workforce meeting information. There were 3 in attendance. There was not any new information brought by that meeting and updated the workforce on what the committee is working on.

Adjournment

Mandy Nunes adjourned the meeting at 10:58am.
